

Exxaro satisfies all conditions for acquisition of manganese interests owned by Ntsimbintle Holdings

Jupiter Mines Limited (ASX:JMS) (**Jupiter** or the **Company**) notes the announcement by Exxaro Resources Limited (JSE:EXX) (**Exxaro**), on the Johannesburg Stock Exchange (**JSE**), on 29 January 2026 (after ASX market close), that it has satisfied all conditions for the acquisition of various manganese mining investments in South Africa, including a 50.1% ownership interest in the Tshipi Manganese Mine (**Tshipi**) and a 19.99% shareholding in Jupiter (**Tshipi Transaction**). Formal completion of the Tshipi Transaction is expected to occur on or before 27 February 2026.

Under the Tshipi Transaction, Exxaro will acquire Ntsimbintle Holdings (Pty) Ltd's (**NH**) 37.1% interest in Tshipi, OM Holdings Limited's (ASX:OMH) (**OMH**) 13.0% interest in Tshipi and NH and OMH's Tshipi marketing rights (equating to the right to market 50.1% of Tshipi's ore sales). The terms of the Tshipi Shareholders Agreement are unaffected by the transaction. Jupiter's pro rata Tshipi marketing rights are likewise unaffected by the Tshipi Transaction.

Jupiter Mines Chair Ian Murray said: *"We are happy the Tshipi Transaction has advanced and look forward to welcoming Exxaro as a major shareholder in Jupiter and JV partner in Tshipi in February 2026. Exxaro brings invaluable South African operational and logistics expertise and a shared commitment to unlocking the full potential of the Tshipi operation for the benefit of all stakeholders in Tshipi. Exxaro's investment strengthens our platform for growth and supports our strategy to consolidate and create value across the Kalahari Manganese Field."*

On behalf of Jupiter's Board and Management Team, sincere thanks are extended to Ntsimbintle Holdings and OM Holdings for their longstanding partnership and significant contributions to Tshipi's success."
